Pedro Tamburro

Product Designer · UX/UI · Vibe Coding · AI-driven products

PROFILE

Product Designer with 10+ years at the intersection of design, product and technology. From discovery and information architecture to HTML/CSS/JS implementation. I build AI-driven products and vibe code from idea to production. Open to opportunities as a Product Designer in digital product teams.

EXPERIENCE

Editora Globo — Product Designer
Nov 2022 – Present · Rio de Janeiro

- Design leadership for acquisition pages and subscription experiences, focused on conversion and revenue growth.
- Co-creation of product strategy with marketing, technology and product teams.
- HTML/CSS/JS implementation of landing pages and responsive email marketing.

YDUQS — Product Designer
Jun 2020 – Nov 2021

- Design of educational interfaces for Estacio's distance learning platform, focused on pedagogical clarity and consistency.
- Front-end implementation with HTML, CSS and JS.
- Redesign of educational infographics to improve comprehension of complex content.

Estacio — Product Designer
Jul 2019 – Jun 2020 · Rio de Janeiro

- Design of educational interfaces for Estacio's distance learning platform.
- HTML, CSS and JS implementation in collaboration with product and technology teams.
- Redesign of educational infographics.

Conspiracao Filmes — Design Intern
Feb 2011 – Jan 2012 · Rio de Janeiro

- Editing and finishing of photographic and video materials for independent productions.

BRQ — Web Design Intern
Jun 2010 – Dec 2010 · Rio de Janeiro

- Support in the development of interfaces and web projects in collaboration with the design team.
